Allied™ Cost Saver

A New Idea in Group Health Plans with Premium Savings of up to 60 percent!

The Allied Cost Saver is a plan designed for any sized group looking to lower their premiums. With good essential benefits for an affordable price, you couldn't offer a better plan!

With significant savings compared to a traditional medical plan, Cost Saver can help you save your clients money and even open doors to clients and industries that haven't normally offered benefits. Combine Cost Saver with a High Deductible Health Plan for a hard to beat combination.

There is no medical underwriting with Cost Saver, which means any industry, and any group can qualify. Since there are no medical questions, there are no rate-ups with this plan. The price quoted is the price your clients pay! This makes this plan an easy sell for anyone interested in offering employee health benefits. The low rates means even low-wage employees can be provided coverage.
