

The RIGHT Benefits. The RIGHT Price.

Provider Freedom Group Health Plans

- **Choose any provider without restrictions or penalties**
- **No PPO Networks**
- **True Freedom of Provider Choices**

Provider Freedom health plans allow you the full choice of health care providers without restrictions or penalties. There are no preferred providers or networks required. **See the provider YOU choose!**

You still receive the value of PPO-like discounts for all medical services. Allied arranges for these discounts on your behalf directly with the provider of your choice, to gain the highest level of discounts possible. If there is a disagreement between Allied and a provider on the fee for a service, we will negotiate directly for you to ensure there is **no "balance bill"** to you for discounts taken. The only out-of-pocket expenses are normal deductibles and coinsurance.

Provider Freedom plan options are available for all Allied Wellness Horizons and Funding Advantage Plans.
